Dear Ramie

On behalf of the Thomastown Community Network, I would like to thank you for the invaluable information you have sent on to us re Dysart Castle, for submission to the Heritage Council 'Adopt a Monument' Scheme - due on Sunday, 19 February 2017.

We are not, however, in a position to take on this submission, at the moment, due to other project commitments and the short deadline.

We will be making a submission to the Heritage Council for a built and natural heritage audit of Thomastown in March. The area defined is that of the Local Area Plan. There are a few important structures which fall outside of this boundary. We would like to propose that these, including Dysart, be included in the Audit.

We will do our best to raise awareness of Dysart Castle through TCN and hope the opportunity arises next year to put in a submission.

Regards
Jennie Castle
(Chairperson)
